

Double Insulated Power Flex (ZDXU)

0.6/1KV R-E-110 Insulated, Nitrile Modified Sheath 105°C

Applications

Power: Switchboards, Busbars, Transformers

Product Specifications

Construction:

Conductor: Annealed Copper to ASI 125 Drawn from Class I 10A Copper ASI 574

Insulation: R-E-110 to AS/NZS 3808

Sheath: Nitrile (NBR) Modified PVC TO AS3808

Relevant Standard: AS/NZS 5000.1:2005

Minimum Bending Radius: Fixed 4 x cable diameter, Flexing 6 x cable diameter

Available Colours:

● Orange ● Black
